SUMMARY

Strong in design and integration with intuitive problem-solving skills. Passionate about coding and eager to apply my knowledge of Java, along with web development using HTML, CSS, and JavaScript. Committed to creating user-friendly and engaging web experiences, with a focus on continuous learning and adding value to every project I work on.

SKILLS

FRONTEND
- React.js
- HTML
- CSS
- JavaScript

BACKEND
- Node.js
- SpringBoot (Core Java)

DATABASE
- SQL

EDUCATION

Gandhi Institute for Education and Technology   **Nov 2021 - 2025**
Bachelor of Technology
Electrical and Computer Engineering
- Secure :- 8.2 CGPA

Council Of Higher Secondary School   **2019 - 2021**
- Shakti Higher Secondary school, Cuttack

INTERNSHIP

Web-Bocket Software Solution pvt. ltd.   **Jul 2024 – oct 2024**
- Worked to get the technologies like HTML, CSS, JavaScript, plus various server-side languages and frameworks in the Front-End part.
- Worked on web apps using the MERN stack—MongoDB, Express.js, React, and Node.js for Back-End part.

PROJECTS

Quize Management System
- A full-stack web app using HTML, CSS, Bootstrap for the frontend, Spring Boot with JSP for backend logic, and PostgreSQL as the database. It supports dynamic content and smooth data handling.

Portfolio
- A personal portfolio website built using HTML, CSS, and JavaScript, showcasing my projects, skills, and resume. Fully responsive design with smooth navigation and interactive elements.
